EVERYTHING YOU NEED TO KNOW FOR
LONG COURSE WEEKEND

WELCOME,

On behalf of all the team here at LCW, we extend a very warm welcome to all our athletes at this year's Long Course Weekend.

Over 11,000 athletes from 56 nations have travelled to this very special corner of Wales to compete and experience what is now the largest multisport festival in Europe.

We also extend a huge thank you to our army of volunteers and team leaders that will exceed 600 this year, keeping all our athletes safe and on course, day after day.

The local community has been a critical part of the success of this event and their buy-in and support has made this the event it is today.

As an athlete and supporter, you will make lifelong friends here this weekend; it is special in so many ways. We thank you as athletes and families for coming here and choosing LCW as part of your race schedule.

2025 sees the second edition of LCW Yorkshire (29th-31st August), which is next up after Wales, followed by LCW Belgium (26th - 28th Sept). We now have five fantastic locations, including LCW Mallorca & LCW Netherlands, all with very different cultures and experiences on offer.

See you on the course, compete with a smile, and enjoy this fantastic weekend.

Regards

Matthew Evans and Scott Powell

LONG COURSE WEEKEND FESTIVAL OF CHAMPIONS

LCW Belgium 2025: Your First LCW Festival of champions

Twenty athletes from the Full LCW will qualify for the 2025 LCW Festival of Champions in Belgium; 10 Male and 10 Female. The twenty will consist of the top 3 male athletes and the top 3 female athletes, with the remaining 14 athletes being chosen completely at random!

We've asked our sponsors, officials and VIP's to choose a finish time at random. On the day, at those specified times, we'll announce to the crowd that the next Long Course Weekend athlete to cross the finish line will qualify.

Yellow flags (male) and orange flags (female) will fly high as you run down the red carpet, announcing to you and the crowd that you have qualified! Then you are on your way to Belgium for the World Champs – congratulations!

We'll then bring you up on the main stage at 6:30pm on Sunday to introduce you to the LCW Belgium team ahead of the World Championship.

Need to know

Entry is completely FREE* for qualifiers.

Qualifying Events:

If you're not one of the lucky ones to qualify for the 2025 LCW World Championship in Belgium, all is not lost! There are several more chances to qualify; head to one of our LCW global events for another opportunity.

RULES & REGULATIONS

FAILURE TO FOLLOW THE FOLLOWING WILL RESULT IN DISQUALIFICATION

- 1) Bikes must be road worthy. They will be checked going into the Start Pen and athletes will not be allowed to start if tyres, brakes or any other part of athletes' equipment is deemed faulty. A puncture repair kit must be carried by ALL athletes.
- 2) Athletes riding TT bikes must ride alone and not in packs, this is due to athlete safety. Anyone with a TT bike caught riding in a pack will be disqualified instantly. Please respect other athletes' safety.
- 3) Security Pens have been installed on the course this year. Any athletes who have not entered the event will be removed from the road and held until the end of the event.
- 4) Some sections on the course are open. Throughout these sections, please do not ride more than 2 abreast.
- 5) Helmets must be worn and fastened at all times.
- 6) The first feed station is at 42 miles for the 112 and 70-mile athletes. You are expected to fuel yourself for the event and should have 2 full water bottles at the start line.
- 7) Marshals are there for reference points only.
- 8) Whilst road restrictions are in place, we cannot guarantee the course will be traffic free. You will be made aware when the reopening of roads will take place. After 1.30pm, the roads will start reopening. Please read the following information about the Hybrid Road Closures.
- 9) Crossing points are in place on the course and bikes will be held to allow traffic to pass at certain times on the course.
- 10) Any abuse of officials, locals or fellow competitors will result in an instant DQ.
- 11) Any littering during the weekend will result in a DQ from all events.
- 12) Event Organisers reserve the right to issue penalties and DQ as they see fit.
- 13) Cut Offs will be enforced at advertised times. All athletes must then head to the finish line or return home on the sweep vehicle.
- 14) It is advised to carry a mobile phone with you at all times should you need assistance on the course.
- 15) At the finish, any rider who is riding too fast and ignores the marshal's advice to slow down or is riding dangerously will be DQ. Cut Offs will be enforced at advertised times.
- 16) It is your responsibility to know the route. Failure to follow the route will result in a DQ.
- 17) Wisemans Bridge - Saundersfoot will be a one way closure and bike & vehicles will travel together.

*****KEEP LEFT OF THE WHITE LINE AT ALL TIMES *****

TT BIKES / AERO BARS / TRI BARS

TT BIKES ARE ALLOWED BUT ARE NOT ALLOWED TO DRAFT DUE TO ATHLETE SAFETY. ATHLETES DRAFTING WILL RECIEVE AN INSTANT DQ.

HYBRID ROAD CLOSURES

As you know the community is at the heart of everything that we do at LCW, and we are aware that two days of closures will cause an element of disruption to the local communities. Therefore, we need to open the roads as soon as possible to limit this.

In 2023, we trialed a “hybrid” road closures system which we will be putting in place again for 2025. When the course is very busy and athletes are travelling at speed, the roads will be closed. When there are fewer bikes on the course and the speed is reduced to a safe level, the course will be opened to other road users.

Whilst every effort has been made to close the roads, **we cannot guarantee that routes will be totally traffic free and you should ride accordingly.** Any athlete that rides approx. 15mph will enjoy most of the course on closed roads. If you are riding slower than this, you will encounter live traffic on the second lap.

Please note, there are also **sections on the course where the roads are NOT closed** so you must pay close attention to the signage!!

The hybrid system will be introduced from 1.30pm in Tenby. After 1.30pm, please expect the roads to be opened at any time, no matter where you are on course. There will be signage on course to inform you of the timings. Please pay attention to those signs.

There is also a section towards the end of the course (just prior to Wisemans Bridge), where cars will be permitted to travel in the direction of bikes. This ends at the entrance to Saundersfoot.

TIMING CHIPS

You will receive your **timing chip** at registration. Please attach your timing chip to the **LEFT-HAND** side of your **DRY** helmet. Do **NOT** stick your chip to the foam, reflective strips or transfers as it will not work.

FITTING THE UHF HELMET TAG

The UHF helmet tag is used to time your cycle ride and is supplied as a self-adhesive label on a protective backing strip. You will only get one so **please read the instructions below carefully** before attaching it to your cycle helmet.

1. Before you attach the helmet tag, take a moment to check that the number printed on the tag is the same as the race number you have been issued.
2. The helmet tag should be attached to the **LEFT-HAND SIDE** of the dry helmet only as illustrated
3. The tag should be positioned as close to horizontal as possible when the helmet is on the head.
4. Peel off the protective backing and position the tag on the suitable part of the helmet.

CUT OFFS

Cut-offs are in place for athlete safety and marshal welfare. First Cut Off is 1pm for first lap and 5pm for overall.

If you are advised on course by a moto that you will miss the cut off time, we will advise you to take the sweep bus back to Tenby due to roads opening and athlete safety.

If you miss a cut off, you will not be able to go down the red carpet and will be given your medal before the carpet.

IMPORTANT INFORMATION

Your tag will not work if placed on carbon fibre. If you have a carbon fibre helmet or the part of your helmet that you are attaching the tag to is made of carbon fibre, you will need to report to registration to obtain a seat label.

NEVER stick the tag directly onto your bike frame, handlebars, forks, seat posts or components. Your tag will not work as these parts are either made of metal or carbon fibre.

If there are any incidents on the course that enforce a route change, cut offs will be adjusted accordingly.

ALL ATHLETES MUST WRITE YOUR RACE NUMBERS ON YOUR GELS. RANDOM CHECKS WILL BE IN OPERATION AT THE START LINE.

FITTING THE UHF HELMET TAG

The UHF helmet tag is used to time your cycle ride and is supplied as a self-adhesive label on a protective backing strip. You will only get one so **please read the instructions below carefully** before attaching it to your cycle helmet.

- 1.** Before you attach the helmet tag, take a moment to check that the number printed on the tag is the same as the race number you have been issued.
- 2.** The helmet tag should be attached to the **LEFT-HAND SIDE** of the dry helmet only as illustrated
- 3.** The tag should be positioned as close to horizontal as possible when the helmet is on the head.
- 4.** Peel off the protective backing and position the tag on the suitable part of the helmet.

Your tag will not work if placed on carbon fibre; if you have a carbon fibre helmet or the part of your helmet that you are attaching the tag to is made of carbon fibre **you will need to report to registration to obtain a seat label.**

NEVER stick the tag directly onto your bike frame, handlebars, forks, seat posts or components. Your tag will not work as these parts are either made of metal or carbon fibre.

If there are any incidents on the course that enforce a route change, cut offs will be adjusted accordingly.

**ALL ATHLETES MUST WRITE YOUR RACE NUMBERS ON YOUR GELS.
RANDOM CHECKS WILL BE IN OPERATION AT THE START LINE.**

FEED STATIONS

The first feed station is at 42 miles for the 112 athletes. You are expected to fuel yourself for the event and **MUST** have 2 full water bottles at the start line.

FEED STATION CONTENTS.**

**IF YOU CAN CARRY IT FULL, YOU CAN CARRY IT EMPTY.
LITTERING BY ATHLETES WILL NOT BE TOLERATED. PLEASE
CARRY LITTER OR DISPOSE IN BINS AT FEED STATIONS.**

HYBRID ROAD CLOSURES

As you know the community is at the heart of everything that we do at LCW, and we are aware that two days of closures will cause an element of disruption to the local communities. Therefore, we need to open the roads as soon as possible to limit this.

In 2023, we trialled a “hybrid” road closures system which we will be putting in place again for 2025. When the course is very busy and athletes are travelling at speed, the roads will be closed. When there are fewer bikes on the course and the speed is reduced to a safe level, the course will be opened to other road users.

Whilst every effort has been made to close the roads, **we cannot guarantee that routes will be totally traffic free and you should ride accordingly.** Any athlete that rides approx. 15mph will enjoy most of the course on closed roads. If you are riding slower than this, you will encounter live traffic on the second lap.

Please note, there are also **sections on the course where the roads are NOT closed** so pay attention to the signage!!

The hybrid system will be introduced from 1pm in Tenby. After 1pm, please expect the roads to be opened at any time, no matter where you are on course. There will be signage on course to inform you of the timings. Please pay attention to those signs.

There is also a section towards the end of the course (just prior to Wisemans Bridge), where cars will be permitted to travel in the direction of bikes. This ends at the entrance to Saundersfoot.

For reopening times, please see the website - <https://community.lcwwales.com/road-closures/the-wales-sportive/>

GOLD BAND COLLECTION - FULL LCW ATHLETES

On completing the Full Long Course Weekend, you will need to visit the Registration Tent to retrieve your gold band. Without this, you will **NOT** be permitted access to the red carpet for the 4th medal ceremony. Here we will verify your results on our system and issue you with a gold band which **MUST** be worn before heading to the red carpet with your athlete t-shirt and event medals.

You will be required to show your bib number at the collection point to be issued with a band. We strongly advise that you collect your gold band within 20 minutes of finishing to avoid delays.

RECOVERY ZONE

LOCATION: END OF FINISH LINE CHUTE

You asked, we listened. With athlete safety and wellbeing at the heart of our focus, the **Erdinger Recovery Zone** will house massage, hydration and Erdinger Alkoholfrei products. This area will **only be open to athletes** (wearing medals) and will offer a secluded chill-out zone post-race.

MEDAL CEREMONY: FULL & JUNIOR LCW

Long Course Weekend is brought to a close with our very special 4th medal ceremony. This is your chance to walk the red carpet and share success with fellow athletes in a guaranteed spine-tingling atmosphere. This unique ceremony is certainly a moment to cherish and is a memorable occasion for you as an athlete and for your supporters.

All athletes eligible for the 4th medal must gather at the bottom of the finish area at 4:15pm. The ceremony will start at 4:30pm. **ALL GOLD BANDS NEED TO BE COLLECTED BY 4PM**

To be part of the ceremony, you **NEED** to be wearing:

- A LCW Athlete Gold Band (to be collected from the Registration Tent)
- Your LCW Athlete Polo Shirt
- All Medals received over the weekend

It is anticipated that the ceremony will last **approximately 30 minutes**. Be a part of something special, be a part of history.

Athletes who have entered each distance separately are not eligible, you must have entered the Full LCW event.

For queries about results, please see a member of the timing team at the finish line.

DON'T FORGET YOUR POLO SHIRT

To take part in the 4th medal ceremony on Sunday, you must wear the athlete polo that was issued to you at Registration.

ADDITIONAL INFORMATION

LOST PROPERTY

Please visit the Event Information Tent during Registration opening hours to retrieve lost property during the event weekend. Once the event has ended, all lost property will be transported to the LCW Headquarters in Haverfordwest where it will be kept for 7 days. After this time, it will be disposed of accordingly.

PHOTOGRAPHY AND MEDIA

We will have several photographers and videographers out on course during the event. Finisherpix will be taking athlete photos, so make sure you smile for the camera.

Please be aware that drones will be flying over and on the course. If a drone is flying on course, be aware that the drone may not be able to see you. Please do not approach the drone, and give the drone right of way. If you believe the drone is malfunctioning or has crashed, please don't approach it or touch it and notify a member of staff.

CHANGING YOUR DISTANCE

All distance changes can be done at Registration; this can no longer be done online or over the phone. Please register as normal and then head to the Changes Desk in Registration to amend your race entry.

Note, there is an admin charge of £10 per events. Athletes cannot change distances during the event.

LITTER

Long Course Weekend takes place in the magnificent Pembrokeshire Coast National Park, and so we ask that you kindly help us to respect and preserve the beauty of this wonderful landscape throughout the weekend.

Wherever you are in Pembrokeshire this weekend, whether you are on course, in the Athlete Village, on the finish line or at the beach, we ask that you place all litter in the bin and dispose of your waste correctly. No matter where you are or whether it is as part of this event, please respect the county. Leave only footprints.

LAST BUT BY NO MEANS LEAST...

We would like to give you a massive thank you for entering and joining us
in making this incredible weekend happen.

We still have some cracking events going on throughout the year and into
next season, so please have a look below and see if there are any other
challenges you would like to take part in.

We hope you have an absolute blast!
